1965 SKYLINE

UNITED TOWNSHIP HIGH SCHOOL
EAST MOLINE, ILLINOIS

Just as one cannot comprehend any situation until he has actually experienced it, so it is with a freshman entering high school for the first time. Doubtless, others have told him what to expect—that he will have to study harder and longer, that he will be given more responsibility, and that if he takes an active part in extra-curricular activities, his high school years will be more gratifying. No matter how much information is received prior to the opening

day, his confidence is shaken by the awesome size and efficiency of his new surroundings. As the newness of high school diminishes and the freshman begins to take a more active part in school affairs, a whole new world of challenge and promise opens to him. It is now, he realizes, that he must begin to make his preparations for the future. The 1965 Skyline is the record of the progress toward this end.

In Appreciation . . .

Miss Bernice Howard

Miss Esther McNutt

It has long been the procedure for our yearbook staff to select one individual worthy of recognition for the place of honor in the *Skyline*. This year, however, we choose to break our own precedent because of the outstanding service and dedication of two individuals. It is with gratitude for their sacrifices and regret at their leaving, that we, the 1965 *Skyline* staff, dedicate this publication to Miss Bernice Howard and Miss Esther McNutt.

Miss Howard, a graduate of Northeast Missouri State Teacher's College, first came to United Township High School in the fall of 1942. Since then she has influenced the minds of hundreds of aspiring young mathematicians in the fields of geometry and algebra. As any student that has had difficulty in math knows, the door to Miss Howard's room is never locked to anyone seeking guidance. The absence of her superior teaching and personal interest in her students will leave a void in the Math Department.

Miss McNutt, a veteran of 37 years of teaching at UTHS, came to us as a graduate of the University of Iowa. During her first years as a member of the faculty, her time was divided between the home economics department and the library. Later, as the school expanded and library with it, Miss McNutt assumed the duties of head librarian. It has been her privilege to witness the growth of the library from one room and a few books to the spacious center of information of today. The library will seem like a different place without her cheerful, willing spirit and kind assistance.

We wish both these fine ladies happiness in the years that lie ahead and can only hope that they retain as many fond memories of us as we do of them.

Miss Howard is always ready to lend a helping hand to students having problems in math.

Miss McNutt, always willing to help, is shown here with student librarian, Linda Ryan.

A look over this student's shoulder reveals a special project for drafting class.

Students working in the bookstore find this a good way to meet people as well as a good way to make money.

High School Years in Character

"Curses!" mutters the villain, Doug Brown, when the hero, Jon Anderson, arrives just in time to save the heroine, Pam Hasselbusch. The fall play, *PURE AS THE DRIVEN SNOW*, attracted large crowds for both performances.

Coach Louis receives a well-deserved ride after an inspired Panther football team defeated Moline 26-6. The victory enabled the Panthers to regain the Blackman Trophy for the first time in four years.

A fellow should help out whenever he can.

The student body sits in rapt silence as the Augustana Choir performs. UTHS was very fortunate in having such a fine musical group, and gave the choir a well-earned standing ovation.

Through Patience Faculty Molds Young Future

"See that basket, see that rim, . . ." shout enthusiastic Panther cheerleaders as they lead the fans in support of the team.

Mr. Larson, Debi Sipes as Rudolph the Red-Nosed Reindeer, and Beth Neumann as "Panther Claws" were featured in "The Night Before Christmas," a novelty number done with the band during its Christmas concert.

This "horseless carriage" refuses to co-operate with its frustrated owner.

and Understanding, Minds To Accept Challenge

Great Morgan do expect a positive role of
the more difficult problems. I think that
the main purpose of the Great Morgan
is to help the female sex to always be weak.

Faculty members take time out from a busy schedule to relax in a card session.

As Time Passes "What We Will Be,"

These four seniors were chosen to represent their school during the 1964 Homecoming - ladies.

SENIORS

The stage is set. The actors are in place. The curtain is ready to rise. So also, the Senior is in his place waiting to play his role in the adult world. Four sometimes painful, sometimes carefree years have served as a workshop. Now the rehearsals are over. Parents and teachers have done their best to impart sound ideas and attitudes. All that remains for them is to sit back and observe the results of their labors. Commencement is not a magical moment at which adulthood will take over. Rather, graduation is a signal to the world, telling it that it now has the right to place adult responsibilities upon these young shoulders. Actually, the world knew this all along, and many seniors have felt the burden of duty. How well have the past four years prepared them to meet these obligations? How will they meet them in the future? Only the years ahead will really tell.

UNDERCLASSMEN

As a small child is oriented by his parents as to what is expected of him when it comes time for him to enter school, so are underclassmen groomed and conditioned by the faculty and administration of a high school to accept the responsibilities of adulthood which they will inherit as seniors. These are the formative years in any adolescent's life. Now is the time when he must decide for himself what his goals in life will be. He must also determine his attitudes in regard to others and what will constitute the dominating influence in his life. Truly, these years and their activities go a long way in forming an individual's character.

The four class officers for the 1964-65 school year are Mrs. Mary Neumann, Vice President; Mrs. Shirley Schaefer, Secretary; Janie Hughes, Treasurer; and Rick DeJarnette, Class President.

Becky Neumann

After reaching the lofty plateau of being upperclassmen at the North Campus, this year's juniors found themselves once again in the role of underclassmen this time at the South Campus. Though shorn of the privilege of rank, the Class of 1966 soon became familiar with some of the advantages connected with the South Campus. Being on two floors instead of four appealed to many, and the beautiful new surroundings encouraged others to study harder.

The first few weeks of the school year meant a great deal to juniors because during this time class rings were ordered. "What color did you get?" became the all-important question. When the rings arrived just before Christmas, many juniors began to feel the effects of approaching seniorhood.

The beginning of the year was also important to juniors because of the tests given. While they were still puzzling over the PSAT, they were confronted with the Illinois State Test. Immediately following the completion of these the bookstore did a brisk business in pencils to replace those chewed up by disgruntled juniors.

With the Prom the juniors came to the realization that the Senior Year was just a summer away—provided they passed the final exams. Commencement served as the final preparation for the role of upperclassmen soon to fall to this year's junior class.

Officers for the Class of 1967 are Dennis Gault, President; Jo Ann Johnson, Treasurer; Ian Zora, Vice President; and Linda Larson.

The Class of '67 returned to school with renewed determination and the satisfaction of attaining another high school year. Eagerly the Sophs looked forward to getting the work of the year done and keeping pace with the advances of the day.

One of the most important aspects of the school year to a sophomore is taking behind-the-wheel driver training and eventually getting his license. This year's sophomore class, 700 strong, found that in order to cope with the abundance of students wanting driver training, it was necessary to come to school an hour earlier in the morning or to stay longer at night.

During Homecoming week sophomores combined their efforts to produce a second place float in the Parade. The theme of their clever float was "The Only Point They'll Get".

The year was marked with ITFD tests, new time schedules, recognition of being upper classmen at the North Campus, and the anticipation of closing their year and entering the South Campus as juniors.

Leading the Class of 1968

Beth Sipes, Vice President; Irene Kruckenburg, Secretary; Delbie Ruby, Treasurer; Lynsie

Constance Koenig, Vice-President.

Unseasonably warm weather afforded freshman gym classes extra days outside during the fall.

As freshmen strived to adjust to a new routine and strange surroundings, many problems were encountered. Freshmen discovered that lockers have minds of their own, opening only on rare occasions and rooms are constantly being misplaced. Difficulties arose in learning the standards set by each teacher. Despite these handicaps, our dauntless freshmen soon became adjusted.

At Homecoming freshmen were given their first opportunity to identify themselves as members of the U. T. H. S. student body. Their determined efforts produced the winning float in the Homecoming parade.

The freshman class was represented on the "64-65" basketball team by Bob Kivisto.

As the year rolled on, freshmen found that they, too, were an important part of U. T. H. S. and looked toward their sophomore year with anticipation.

'Hear, Jones.'

FACULTY

If a flower is left to itself without water, light, and nourishment, it will soon wither and die without being of benefit to anyone. So it is with a high school student. Only with the guidance and understanding of qualified educators can a student realize his full potential as a human being. These men and women must be highly dedicated to their profession and willing to give a portion of their own lives to each student. The faculty and administration of UTHS are of such qualified and altruistic character. Because of these high standards, the students of UTHS have an unlimited opportunity to prepare themselves to meet the challenges that lie ahead.

Students who took part in the mathematics program learned to develop their ability and to think clearly. Under the direction of Miss Bernice Howard, the mathematics department provided the following standard courses: general mathematics, algebra, plane geometry, advanced algebra, trigonometry, and introductory college math.

General math students studied basic theories of the number system, while other freshmen studied algebra. The geometry classes combined enjoyment with learning when they indulged in such activities as curved stitching, constructing a "geomo-tree," drawing a "babychatter" poster, and designing a church window for Easter. All were done with geometric precision. Finally, seniors in advanced algebra studied all the above in more detail, while advanced classes prepared them for college math.

Constant change is the trademark of science. The science department endeavors to keep up with these changes. Science, as taught by United Township High School, is not merely "booklearning." The student learns by practical and laboratory experience. The science department is not satisfied to inform the student as to what happens in science but rather as to why it happens.

Correctness and Creativity

Once again the English department, headed by Mrs. Mary Easter, accomplished its goal to help the student to understand and appreciate literature, write clearly and correctly, and articulate without difficulty. The freshmen studied general literature, poetry, and a bit of drama. The sophomores combined parliamentary procedure with their normal studies. Juniors and seniors were both offered courses in composition. College-bound juniors participated in American literature, while seniors engaged in English literature. Other English activities offered by the department were debate, drama, journalism, speech, and play production.

Tomorrow's Citizens Learn Vocational Skills

Industry in the Quad-Cities demands that our high school have a first rate industrial training program. UTHS meets this demand. This year welding has been added to supplement our vocational program. Other fields covered in our comprehensive program are drafting, electronics, auto mechanics, woodworking, metal working, and electricity. The Tri-Mic Club enriches the curriculum by giving students a better understanding of industry.

Feminine interests have not been overlooked. The home economics programs, designed to train girls to someday become good homemakers, is an integral part of the curriculum of UTHS.

Students Readied To Face Business World

Business courses at United Township High School are centered around seven major fields: consumer problems, commercial arithmetic, typing, stenography, secretarial practice, bookkeeping and retailing. These courses are designed to prepare those students who desire a position in the business world after graduation.

Affiliated with this department is the Business Club. This organization has speakers come in regularly. Also, many social events are planned each year. One of their most important functions is, however, to promote an awards program which gives recognition to those who have been outstanding in a specific business field.

The distributive education program is open to students who hold jobs during the school year. It is designed to acquaint these students with the workings of the business world.

Students first encounter the social sciences in their sophomore year. During this time, world history is studied. The objective of this course is to give students insight into the people of today and their ancestors in order to create better understanding and relations among nations. Students are also acquainted with the ideas that have shaped the destiny of the world.

In the junior year, American history is studied. Students are grouped homogeneously. The accelerated classes are exposed to lectures twice a week. This is designed to prepare students for the educational methods that are used in college. The regular American history classes are taught in classroom solely.

American government is a requisite in a student's final year. The principles of the federal government along with those of the state are explored by the students and teachers.

Four electives are offered in this field: geography, advanced geography, economics, and sociology. These classes enhance the student's general background.

This year the sociology classes conducted a unique project. Students were asked to write down questions in which they were interested. The best of these queries were transposed onto a questionnaire and distributed. A survey of the responses was taken. A great deal can be learned from the replies to the questionnaire.

The course of study presented in the social sciences is diversified indeed. The result is that the majority of students can find something in this field in which they are interested.

Research Facilitated by Library

"I know how busy you are in your library, which is your paradise."

Desiderius Erasmus

Perhaps our library does not fit the billing as a "paradise" maybe it is but a haven for students who want to enjoy the world's great literature or make use of its vast resources. But one thing is certain: countless students do busy themselves in our library. To meet the needs of the students, literally hundreds of volumes are added each year to our already fine library.

Each year a small number of students participate in the student librarian program. Aside from their attendance duties, they shelve books, check out books, and do the many other jobs associated with a library.

Language Employs New Techniques

Expansion took place in the foreign language department. A course in beginning German was offered for the first time. Mrs. Matherney was added to the faculty to teach this subject.

In the French department, a transition was made from the textbook method to the audio-lingual technique. It is hoped that this will make the student's comprehension of the spoken foreign tongue easier. Also, the audio-lingual method will help the student's pronunciation.

Linguistics consists not only of grammar and speech. The Spanish classes studied the customs and culture of the Spanish-speaking peoples this year.

First year Latin students concentrated their efforts on grasping the language while advanced students continued the tradition of studying Caesar and Roman Classics.

ACTIVITIES

Though participation is compulsory in many fields of high school learning, certain extra curricular activities are left to the individual preferences and abilities of the student. These activities, sponsored by competent faculty advisors, are designed to provide an outlet for innate talents everyone possesses, whether they be in the field of leadership, fine arts, or journalism. In many instances, this preliminary training cultivates skills that will be of use in future vocations or avocations. The activity section is a journal of the accomplishments of those who were willing to sacrifice their time to the further development of their talents.

Honor Society Inducts

Honor Society officers for 1964-65 are Jean Kerekhov, Treasurer; Jim B. D. President; Anita Sauerhoff, Vice-President; and Nancelle Fowler, Secretary.

The L. O. Dawson chapter of the National Honor Society, the top scholastic organization at UTHS, swelled to a record ninety members this year. Sixty-two students thirty-two seniors and thirty juniors, were added to the twenty-eight seniors selected last year. Induction ceremonies, always serious and impressive, were held March 12. Jim Darby, Jean Kerckhoff, Steve Dickey, and John Zeigler explained the significance of the four qualifications for membership—scholarship, leadership, character, and service—and Mr. McCright told the student body the importance of the red and gold tassel.

1964 Homecoming

Gary Mundt, Nancy Montieth Chosen as Prince and Princess

Homecoming festivities this year were kicked off by the parade the evening before the game. A giant pep rally was held at the bonfire after the parade. The highlight came with the coronation during the assembly the next day. Jim Wilson was crowned king, Beth Neumann queen. Tears could be seen in the eyes of those parents who were present to see their sons and daughters so honored. The program was completed with a performance by the dance band, several numbers by the choir, and a solo baton act by Karna Kruckenberg. The dance after the game climaxed the week's activities.

Coronation ceremonies brought with them mixed emotions.

Council Sponsors Exchange Student

Representing both North and South Campuses, the Student Council is the student's voice in the school's government. This organization operates in conjunction with the school administration to sponsor such activities as Homecoming, the Student Council, and the American Field Service's foreign exchange student program. In reference to the latter, the council was successful enough this year in its sale of bonds to receive as an exchange student Iliana Rebosio from Montevideo, Uruguay.

Aside from sponsoring the above activities, the Student Council also makes recommendations to the administration that they hope will better the school. Also, they have suggested designating certain days as dressup days. In this same vein, the council sponsored a "True Blue Day" in January so that the students could show their loyalty to the basketball team.

The functions of the Student Council do not end here. Representatives are sent to the Quint City Student Congress and to the state student council sessions late in the year. Also in the late spring, our council and another in a distant part of the state exchange several students for a week.

Irene Gelande reflects her happiness at being chosen to host this year's exchange student, Iliana Rebosio.

Elected as officers of Student Council this year were Pam Hasselbusch, treasurer; Jim Bull, vice-president; Linda Larson, secretary; Larry VanderBeke, president.

We find the Student Council in one of its busiest moments.

Panther Parade Displays Best Student Writing

This year's Panther Parade staff was chosen from a list of those seniors who indicated a desire to be on the staff. From this group five students were selected who managed the poetry, essay, art, and short story sections, as well as a business manager and an editor-in-chief. The head of each department in turn chose his own individual staffs from the remaining members. These students reviewed the literary talent from both campuses, editing those items they thought outstanding. In each of the four divisions of the publication, the best three pieces were awarded first place, second place, or honorable mention.

The rest of the staff included an almost equal number of juniors and seniors. Two features of this year's *Skyline* include the full-page color division pages and the twelve-page spring supplement.

Besides completing the regular *Skyline* work, the members sponsored a car in the Homecoming parade and also contributed to the American Field Service to bring a foreign exchange student to UTHS.

A higher grade paper was used which made the Key more enjoyable to the students. Rich Mellinger won the contest sponsored by the Key in their effort to find a new emblem. Along with this new look came the reorganization of the staff. Separate subject editors were eliminated and replaced by page editors who were supervised by Penny Catour and the sponsor Mrs. Carlson. The Key staff also sponsored the Girl Ask Boy dance where pink was emphasized.

This year marked several innovations for the United Township High School Advanced Band. This was the first year that the band members outnumbered the supply of uniforms. As a result, tryouts were held at the end of summer between sophomores and incoming freshmen to determine which students would obtain the seats vacated by last year's seniors. These band members along with former junior and senior members, constituted this year's advanced band. This band performed at the half-times of all home football games. The band also put on a special show before the start of each game. Special effects were introduced into the shows, including flashlights, noise-makers, and a giant hoop through which the football players jumped. The band also performed at the away game in Moline at the request of the Moline High School Band.

For the first time the band was divided into two pep bands. Each took turns playing at the home basketball games. A stage band was also formed. Composed of male members of the various sections it performed at exchange assemblies as well as at home.

Concert season for the advanced band began with the Christmas concert given at the South Campus to the student body. A unique feature of the program was a Christmas narration by Mr. Robert Larson, which was accompanied by the band. The number was completed with the help of the twirlers, who were dressed as reindeer. The next concert by the band was given in conjunction with the choir and speech department. It was given February 11 to commemorate Abraham Lincoln's birthday. The band was joined by the choir to accompany Mr. Robert Larson who narrated a musical tribute to Lincoln and the Civil War. On April 30 the band presented its annual spring concert. Steve Dickey narrated a number on the origin of the first band. The band's final performance was given at graduation.

For the first time this year the entire band participated in the state contest which was held at Canton on March 13. Individual band members also played solos and small groups numbers and received high ratings.

Debate Squad

First at Pekin; Second in Valley

Miss Santa Clara discusses plans for future debates with varsity debaters Steve Dickey, Ralph Trego, John Ziegler, and Jim Bull.

Subvarsity debaters include Donna Criswell, Joyce Baldwin, Margaret Lampe, Doug Swanson, and Ken VanHalle.

The UTHS Debating Society has participated in over 20 tournaments throughout Illinois and Iowa this year. The varsity squad composed of Steve Dickey, Ralph Trego, Jim Bull, and John Ziegler rate high among their accomplishments a tie for first place in the 40 school Pekin Tournament and taking second place in the Mississippi Valley Conference Tournament. Going into the sectional contest the varsity had a combined record of 35 wins and 10 losses.

Not to be outdone both the subvarsity and novice teams also returned second place trophies in their divisions from the Hall Township Tournament.

Jim, Steve, and Ralph have been awarded degrees of excellence by the National Forensic League this year, the first accomplishment of its kind in our Debate Club.

On to State

Novice debaters are Cheryl Beldin, Dave Swank, Bert Kundert, Bob Harris, Mike Jack, and Mike Stockton.

Larry White demonstrates his speaking techniques for the rest of the speech squad.

Participating in speech were Joyce Baldwin, Julie Moore, Mary Lampo, and Doug Swanson. BACK ROW: Mary Beth Woodcock, David Sipes, Ralph Trego, and Jan Lockhart.

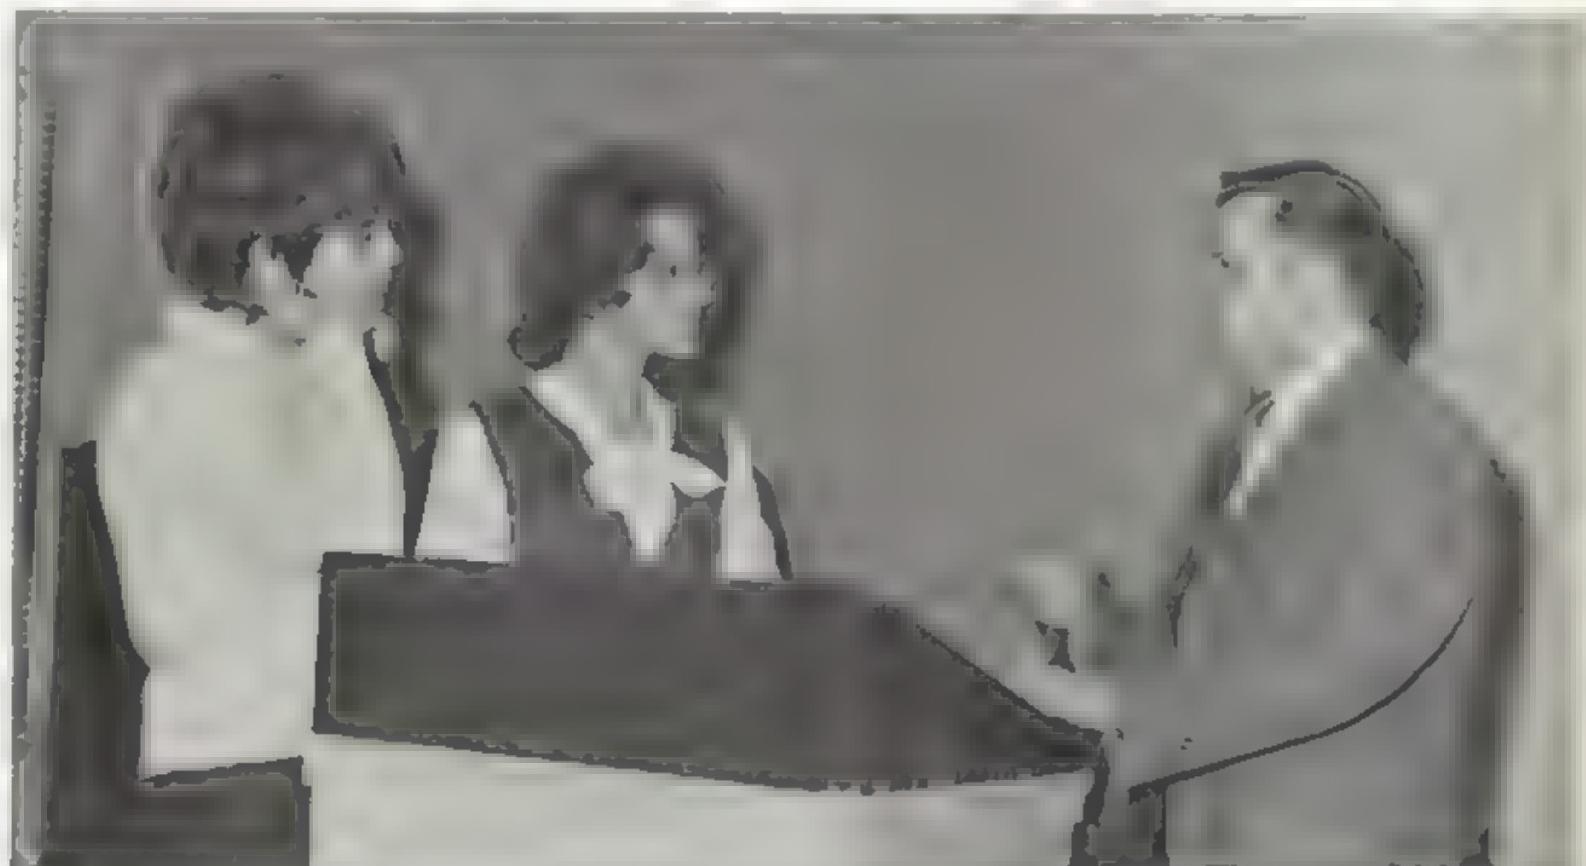

UTHS Hosts District Speech Contest

One definition Webster gives to the word "speech" is "communication or expression of thoughts in spoken words." This might easily serve as a definition of speech at UTHS.

This year speakers were moderately successful in terms of places gained and titles won, and they were even more successful in learning to communicate with others. The year was a busy one, and under the able direction of Mr. Robert Neuleib the speakers attended many

tournaments, including ones at Bradley University, St. Ambrose College, and Iowa City. February 13 East Moline served as the host school for the district speech contest. Excellent speaking by Debi Sipes in comedy reading and Ralph Trego in extemporaneous speaking gave them third places at the district contest, enabling them to advance to the sectional tourney held in Rock Island.

Jan Lockhart and Mary Beth Woodcock receive advice from Mr. Neuleib, coach.

"Oh, look! It's a babe!"

Caught behind the scenes, actor Garrett Curran receives a bit of wisdom from director Robert Larson while Ken Lowenthal improvises a tune.

Pure as the Driven Snow

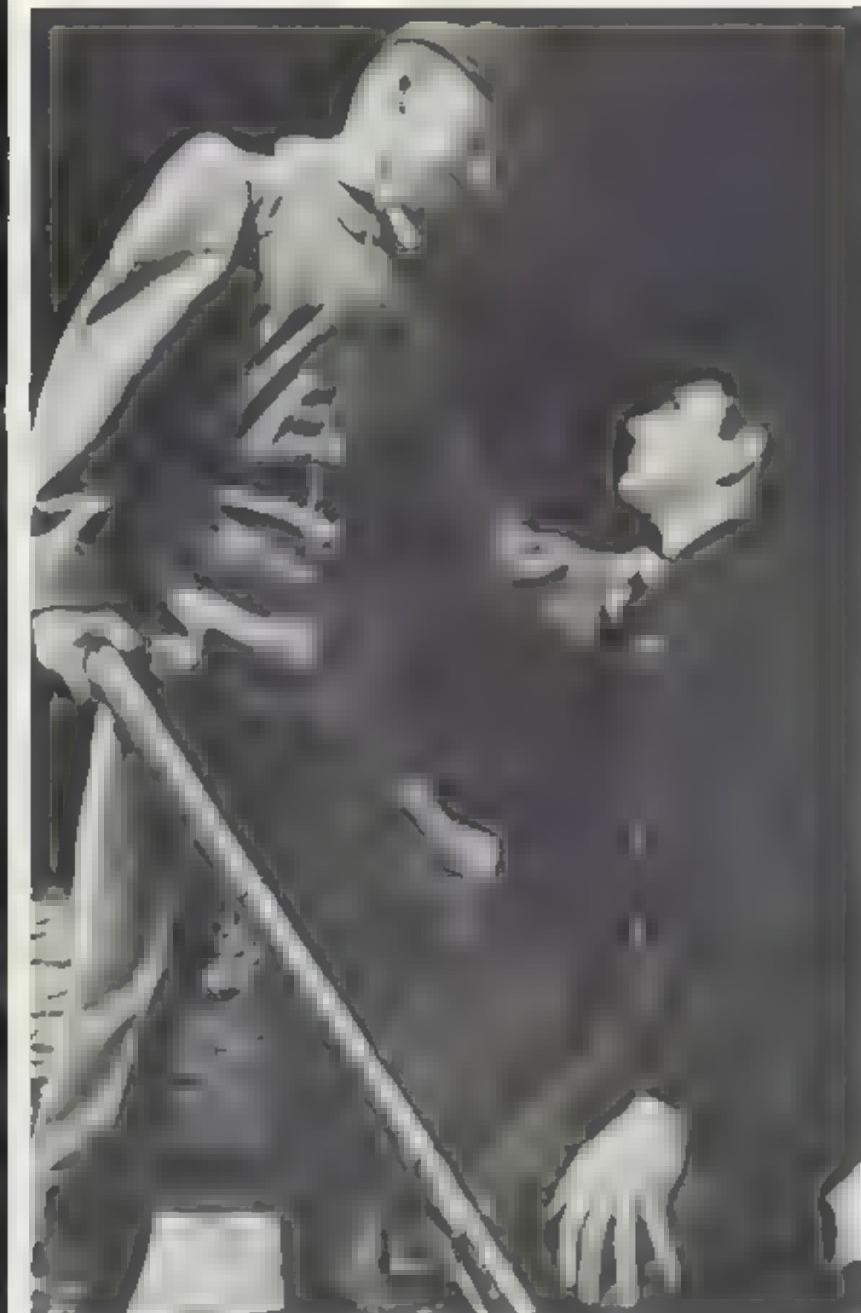

Under the direction of Mr. Robert Larson, the Department of Speech and English presented the heart throbbing rendition of "Pure as the Driven Snow." This stirring melodrama was well-accepted by the sell-out crowds both nights. The audience responded by hissing, shrieking, and boozing at the villain. This play marked the instigation of several new rules for future audiences. No horses were allowed inside the stage-house, firearms were not to be aimed at the players, and liquor was not to be taken into the auditorium in anything but a human container.

SPORTS

Someone famous once said that a sound body and a sound mind go hand in hand. The mental achievements that one acquires in high school invariably remain with him throughout his life. In this same fashion, any outstanding physical accomplishments that one might attain very often remain at his disposal in later years. Interscholastic athletics not only furthers this physical development, but also instills the seeds of fair play and teamwork into the participant's character. In a like manner, the spectator derives a sense of loyalty inherent in cheering for his team. This training leaves its indelible mark on the character and lives of the young men and women who assume the places of leadership in the adult world.

DeSmet Selected to All Quad-City Team

East Moline's Panthers had a disappointing season from the standpoint of the won-lost record, but the boys played hard nosed football throughout the year never quitting even though losing Coach Al Zimmerman and his assistant coaches relating new line man Jim Lora were endowed with a large squad, but costly injuries to key players cut down on the experience.

This year's squad was led by senior co-captains halfback

Jim Smith and quarterback Jim Wilson, Dave DeSmet, senior lineman, was selected to a second team berth on the All Quad City Team. Jim Smith along with Jack Smith, John Evans, and Gary Mundt received congratulatory letters.

With twenty seniors on the squad, Coach Zimmerman will have a large nucleus for next year's team. These boys, gained valuable experience in not only major varsity games but also in the Friday night varsity contests.

DeJaegher brushes off a tackle by W. L. K.

Friday, October 9, was a perfect night for football. The winless Panthers of East Moline were to play the high-riding Moline Maroons. The Maroons were supposed to trample the slumping Panthers 26-6; however, the story was different at Browning Field that night. The roaring Panthers came to life both on offense and defense. In the first quarter the Panthers scored on a 25 yard pass from quarterback Jim Wilson to end Quentin Otis. The Panther defense held tight; and in the second quarter, halfback Jim Smith bulled his way over from the two yard line. Tom Frev's kick was good, and the score stood 13-0. The Panthers grudgingly gave a second quarter touchdown, and at halftime the score stood 13-7 in favor of the visitors from East Moline. The second half was a duplicate of the first half. Our defense held Moline altogether while East Moline's Lee Sangster scored from 12 yards out. Frev's kick was good, and the game ended 20-7. The fighting Panthers had won back the Blackman Trophy from Moline for the first time in four years. Coach Zimmerman credited the win to fine blocking and running and crushing tackling. Pete Segura sparkled as he gained 90 yards in 15 carries, and Dave DeSmet led the linemen.

Cagers Complete Record-Breaking Season

A pleasant surprise was in store for UTHS basketball fans this past season, and the Panther cagers came through beautifully. Head coach Ernie Kivisto had predicted a mediocre season for his team, and it looked as though his prediction would be correct as the Panthers were dumped by Alleman in an unimpressive defeat 66-48. However, the team then came to life and captured the next five games including one over arch rival Rock Island and a revenge victory over Alleman. Faltering, the Panthers lost two of the next three games, including one to powerful Moline. With regained poise, the roundballers raced past six more teams before losing to Davenport Central. Finishing with a flourish, the well-balanced Panther offense lost

only once, to Moline, in their remaining five games with a win over Galesburg who was ranked third in the state.

The secret to the UTHS basketball success was a well-balanced scoring attack and a hustling alert defense. The scoring was led at one time or another by all five of the starters. The outstanding scoring achievement was by freshman, Bobby Kivisto, when he scored 52 points against Dubuque. The defense was led by ball-hawking guards Pepsi Freeman and Bobby Kivisto. Individual honors went to Rich Castleman and Pepsi Freeman who made 2nd and 3rd teams respectively all M. V. C.

Panthers Claw

"This way, Bobby...you can sneak by!"

Two high points of the Panthers' very successful season were the two victories over the Rock Island Rocks. The first game was played in the Rock Island High School Fieldhouse early in the season. Rock Island was considered as a pre-season title contender with East Moline rated fourth. Both teams entered the contest undefeated in Mississippi Valley play. The Panthers set a torrid pace throughout the first three quarters leading by as much as 17 points. The Rocks came alive in the final stanza closing the gap to one point. However, the Panthers were not to be denied as they scrambled back to win by 4 points, 66-62.

Shortly after the new year began, the Rocks came to LTHS determined to avenge their earlier defeat. The game followed a completely different pattern. It was a see-saw battle throughout the first half with the score being tied at 34-34 at halftime. The second half was a carbon copy of the first. Neither team was able to open a large lead. With less than a minute remaining, Jerry Sutton, scored to give the Rocks a one point lead. Again the Panthers fought back. With only three seconds remaining, Terry Estman threw in a twelve foot jump shot to give the Panthers a thrilling 50-49 victory.

Marr Takes Over as Soph Coach

Coach Dave Marr's sophomore team had an up and down season this past year. At times the boys would play brilliant basketball, but they never seemed to be able to win consistently. The Cubs always played their best ball against their toughest opponents and played much better throughout the season than the won-lost record indi-

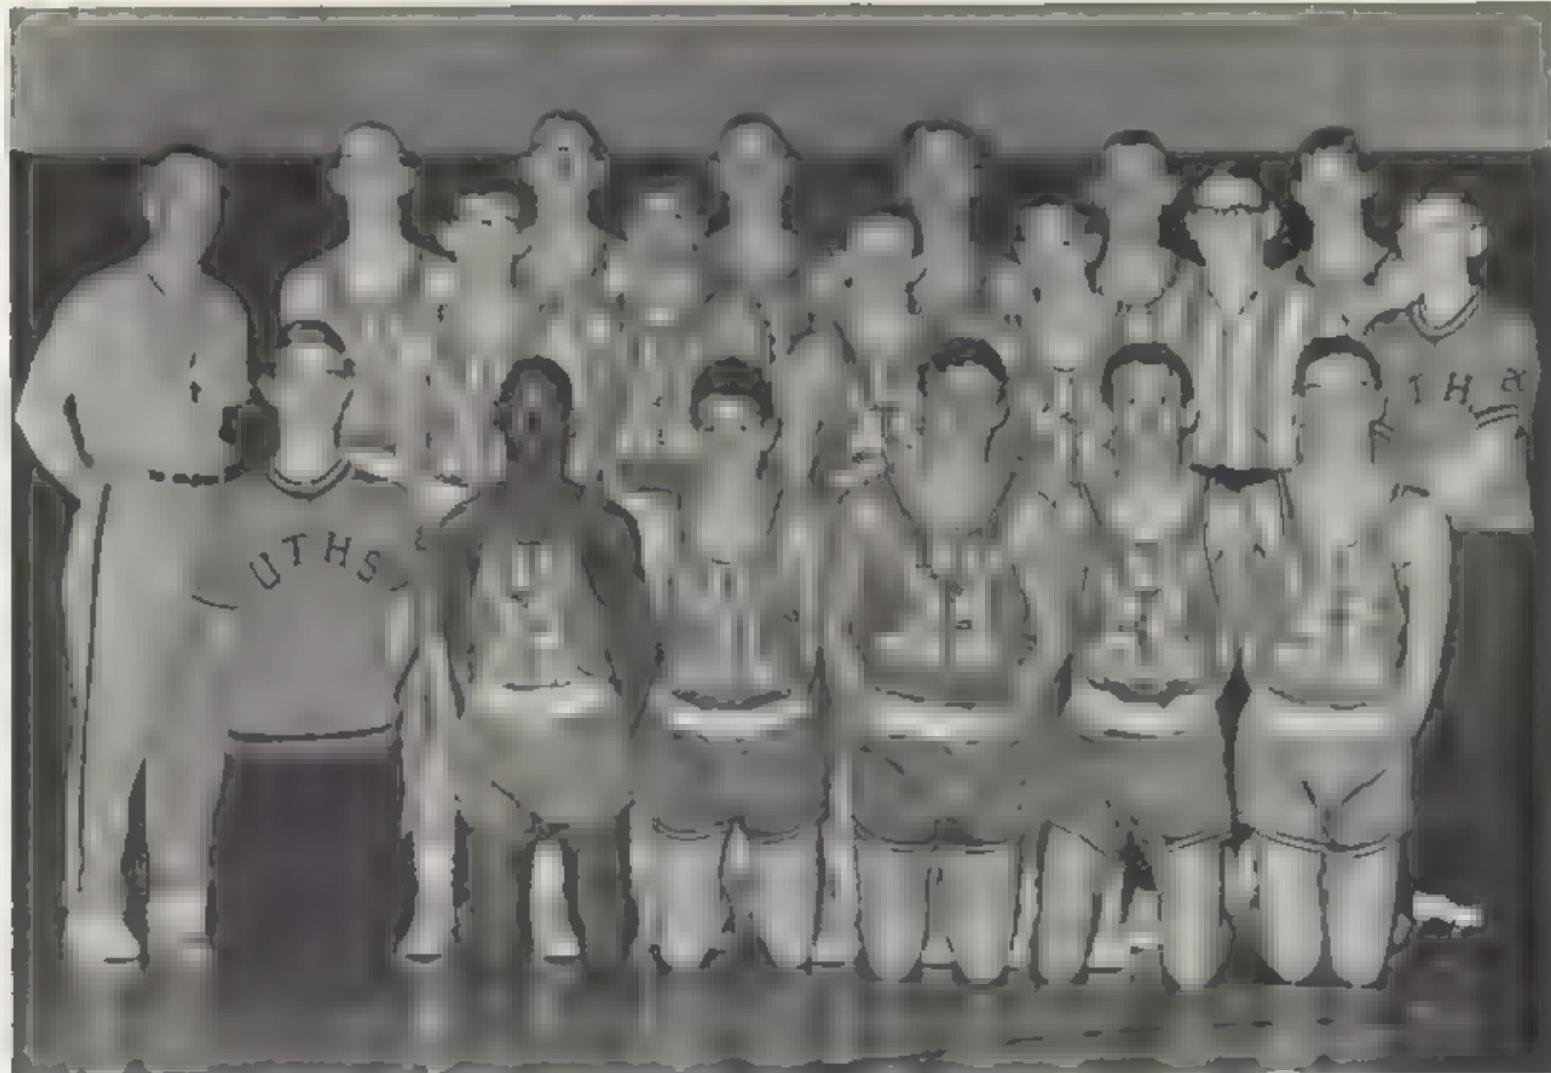

cates. The boys who saw the most action for the Cubs were Mike Haliburton, Skip Jones, Larry Knox, Rich Yeargle, and Ted Ware, however all of the other boys saw considerable action too. By playing a few games with the J. V.'s some of the sophomores gained valuable experience for next year's varsity.

Mundt Takes 3rd at State

Gary Mundt was rated top in the Quad Cities area.

Coach Lloyd Corwin's second year at UTHS proved to be a greater success than his first. Mr. Corwin blended a group of experienced seniors and underclassmen into a fine squad. The mainstays of the Panther grapplers were Gary Mundt at 180 pounds and Terry Caldwell at 133 pounds. Both boys ended the regular season with only one loss each. Terry broke his ankle in the Davenport Central match and was unable to compete in the District Tournament. Gary won the District and Sectional titles. In the Sectional he pinned all three of his opponents. From the Sectional Gary advanced to the State Tournament where he finished third. East Moline was well represented at the Sectional Tournament with District winners, Jim Lerschen, Blaine Ketner, Charlie Wendt, Steve Grau, and Gary Mundt, and second place winner Vince Prieto. Gary won his weight class and Steve Grau finished second and then advanced to the State Tournament.

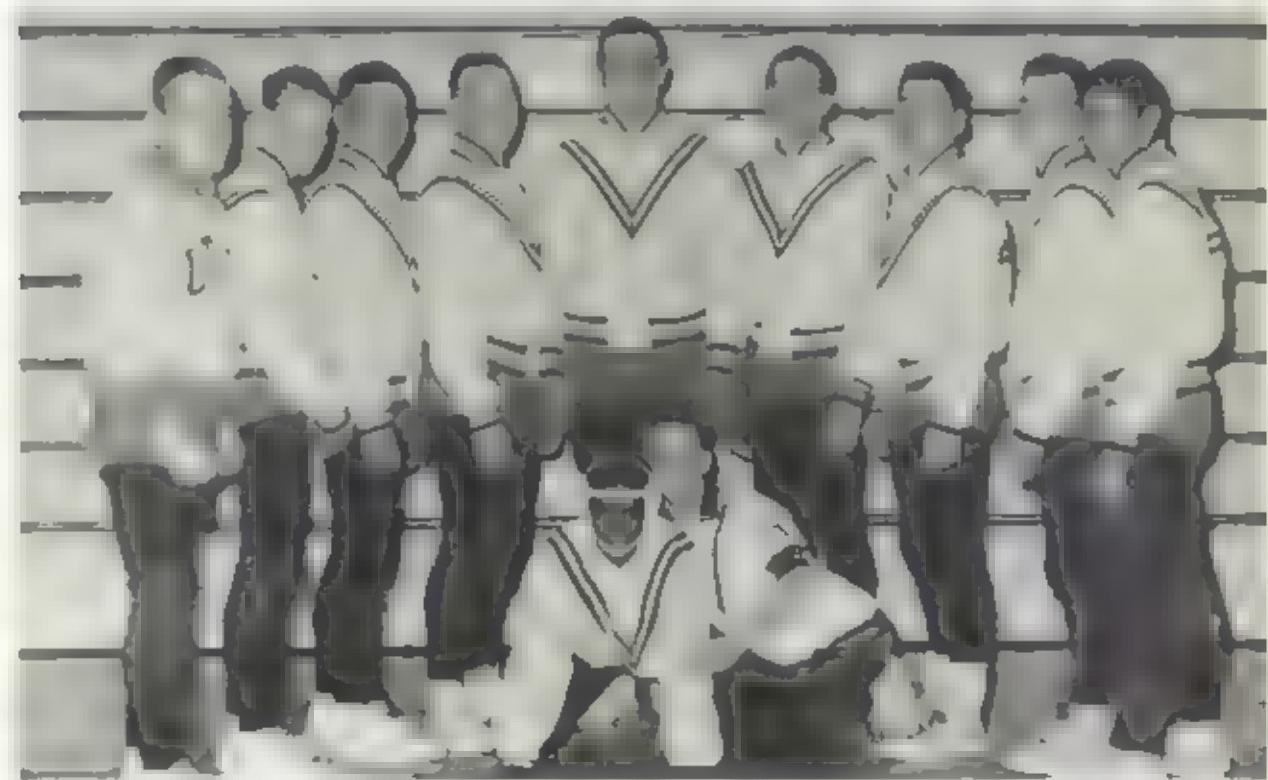

Also representing UTHS at state was Steve Grau at 127 pounds.

Track Outlook Brightens

With 150 boys reporting for pre-season work-outs, Coach Duane Lovstrand's hopes were high for the coming track season. Since such a great number turned out, it gave the UTHS trackmen more depth than ever before. Having four or five men in each event provides greater competition between individuals and enables each participant to excel in his particular events.

Pre-season weightlifting prepared many trackmen for the rigorous training required in track. Coach Lovstrand has built the weight training program so as to benefit all UTHS athletes as well as trackmen.

VanderBeke No. 1 Linkster

Coach Dave Mare took over the reigns of the U. T. H. S. golf team this year. Coach Marr inherited a rather inexperienced squad with senior Larry VanderBeke the only boy with a great deal of varsity experience. The rest of the squad was composed of three seniors and five juniors. In Quad-City competition the Panthers finished fifth. Larry VanderBeke, Doug Swanson, and Dave Deem were the leading golfers. With the added experience that these boys gained this fall, it can be hoped that the spring season will prove to be a big success.

12 Returning Lettermen Lead Hardballers

Westervelt crosses the plate for another Panther run.

February brought out the 1965 edition of the Panther baseball team. Early practice sessions were held in the evening and consisted of rigid conditioning exercises. Later the Panthers sharpened their fundamentals with infield practice and batting practice in the gymnasium. They were aided by the pitching machine and batting cage provided by the UTHS athletic department.

Experience is the key word in the plans of Coaches Jack Burke and Chuck Allee. The Panthers have 12 returning lettermen and other experienced men from last year's Quad-City Championship team. The severest loss was in the pitching staff when star hurlers Bob Jensen and Bill Zora graduated. Other than the pitching, Coach Burke has experience at every position.

G.A.A. Furnishes Fun and

Physical fitness is the fundamental purpose of G.A.A.

Once again the Girl's Athletic Association boasts the largest membership of any organized club in the school. The G. A. A. provides a means through which the fairer sex of UTHS may obtain the much needed exercise which is vital to good health. Because of the increasing stress put on physical fitness, the G. A. A. enrollment grows every year. The girls participate in such activities as volleyball, basketball, archery, bowling, and various others.

The chief money-making venture for the G. A. A. this year was a candy sale which satisfied most students' sweet tooth. Also, the girls sold G. A. A. sweatshirts. With the money earned by various projects, the G. A. A. sponsors the girls' tennis squad.

Other highlights of the G. A. A. year were a fall hootenanny, the annual Initiation Tea, and the G. A. A. dance in the spring.

G.A.A. officers for 1964-65 are Beth Neumann, Vice-President; Linda Farn, President; Becky Neff, Secretary.

CLUBS

Small children learning to play amicably together experience the first steps in the socialization process, one of the most important aspects of growing up. As one advances in age, the socialization process becomes more refined, instilling in him the desire for the companionship of those sharing similar interests. This desire finds a natural outlet in the form of various social organizations found in the high school. The diversified nature of the clubs at UTHS affords one the opportunity to associate with persons having similar vocational interests, spiritual interests, and recreational interests. Patterns of socialization set at this level often influence the interests and attitudes of the future.

South Campus members are Richard McRae, Dennis MacLennan, Mary Weston and Sandy Wright.

The Art Club entered this attractive painting in the Homecoming competition.

Art Club Has Designs on Future

Art Club, though not a large number is a club designed especially for those select talented students who think that they might be in the future careers in the field of art. The members are encouraged to improve their techniques by studying various schools and the works of famous artists. Art clubs in the schools are evidence of the achievements of this club.

Bible Club Adds Chapter at South Campus

Heretofore, the Bible Club has always been an organization at the North Campus. This year, however, the South Campus organized a chapter. Along with this expansion, the scope of the club's activities also increased. Speakers were numerous, including Allen Knott, former United Township High School student, who lectured during the Christmas season. Bible Club inspires Christian attitudes through devotions, spiritual songs, and other religious activities. This non-denominational organization also had many social events during the course of the year.

Dr. Nelson of Augustana

Probably no high school possesses a complete science curriculum—money and facilities are just not available. We realize this at UTHS. To compensate for this, the Bio-Chem-Ics was organized. Headed by Mr. Delsing, Mr. Magnuson, and Mr. Pratt, this science club is designed to give interested students background material in areas that probably can not be obtained through regular science courses. Such topics as astronomy, meteorology, and careers in chemistry have

been discussed at meetings. Speakers who are authorities in a specific field address the club members.

Each summer Bio-Chem-Ics sends one or more students who have shown exceptional ability to special summer sessions at various institutions around the country. Bio-Chem-Ics removes much of the financial burden with money from dues, dances and other social functions.

Officers of Bio-Chem-Ics for 1964-65 are Bill Gardner, President; Jean Kerckhove, Vice-president; Diane Ligemo, Treasurer; Linda Kusy, Secretary; and Mr. Delsing, speaker.

Business Club Gains Useful Skills

Conceived with two objectives, the Business Club is an organization with a chapter at the South Campus only. The two objectives are to socially acquaint students with other students who desire to enter an occupation in the business world and to present speakers from the various fields of commerce in the area to lecture about their respective fields.

In the spring, a picnic is held at Butterworth Park to award pins to those who had achieved outstanding levels in shorthand and typing throughout the year.

Members of this club go on to assume important job openings in the community because of the professional practices they have developed through this organization.

Future Nurses of America is a club consisting of persons who have shown an interest in a career in the field of medicine. It acquaints its members with careers in such fields as dentistry, pharmacology, X-ray technology, physical therapy, and chemical research. Throughout the year both student and professional nurses, as well as representatives from related fields, speak to the club on their respective careers. The members are shown valuable filmstrips and given information and guidance about their own future careers. The group also tours hospitals during the year. Many members spend spare moments helping in hospitals in the area.

In September the F. H. A. started off a busy year with a "kick-off cook out" at Butterworth Park. At this cook-out plans for the coming year were outlined. In October, F. H. A. undertook the responsible duty of playing host to over 700 people from all over the state at the Section 10 F. H. A. Rally. In November they turned their attention to preparing baskets for needy families in the area. In December they held their annual Christmas party at which they served cookies and cakes which they made themselves. They wrapped up the year's activities with a style show.

F.T.A. Delegates Attend Convention

The Future Teachers of America strives to promote teaching as a rewarding profession and to create better understanding between its members, who come from both campuses and teachers. Headed by Mr. Peterhoff, Miss Fauss, Miss Howard, and Miss Calvert, F.T.A. has been very active this year. Delegates were sent to the regional workshop at Alwood High School and to several meetings of Blackhawk College's chapter of the Future Teachers of America. Rifle Club Sets Goal for Safety

Officers are Tim Damm, Secretary; Ken Stottler, Treasurer; Mr. Oliver, sponsor; John Mekus, Executive Officer. Front Row: Jerry O'Neil, Vice President.

Traditionally a small organization, The Rifle Club added many new members this year. The club endeavors to benefit its members in several ways: by showing the correct handling procedure for firearms, by instructing members as to the care of their weapons, and also by giving first hand knowledge of the principles of rifle competition. The club also desires to inculcate the qualities of leadership and sportsmanship into its members. But perhaps its most important function is to teach all those interested the fundamentals of safety.

Rifle Club's activities included inter-school matches, state matches, and a contest between club members at the end of the year.

These sharpshooters demonstrate the proper techniques for handling rifles.

Spanish Club Explores Latin Culture

Concentrated at the North Campus, the Spanish Club gives students background material about Spanish-speaking peoples and lands that is not available in textbooks. The culture and customs of these people are explored. Also, the students' speaking and comprehending abilities are improved.

Socially, the Spanish Club annually has an authentic Spanish Christmas party at which Spanish games are played and Spanish foods are served.

This organization strives to create better relations between other lands and their people through better understanding of their customs and attitudes.

Tri-Mic Aims for Industrial Positions

Tri-Mic is an industrial education organization. During a year, many money-making ventures are undertaken. For instance, the club sponsored the Homecoming dance. Also, club members sold flares. Money from these projects is used not only for the club but for the improvement of the industrial education program.

Meetings are held once a month at our school while regional meetings occur less frequently. In addition, officers of the club attended special sessions at Macomb. Late in the year, industrial education students who have met certain requirements are allowed to take a club-sponsored trip to Springfield.

This Tri-Mic member takes advantage of the new welding facilities offered at the South Campus.

ACKNOWLEDGMENTS

A yearbook can be no better than the efforts applied by those responsible for its publication. We realize that without the assistance of some people not on the staff, the 1965 SKYLINE would not have been possible. To the administration, faculty, the photographer, Robert Lawrence of the Lawrence Studio, Harry Lamon, the *Moline Daily Dispatch*, the *Times-Democrat*, Robert Mullins of Newsfoto Publishing Company, and the patrons, we extend our sincere gratitude.

ADVERTISING

As we survey our surroundings, we become aware of the many services and products afforded us by our affluent society. At first, we are confused by the confident claims made by various manufacturers. Each, of course, thinks his product better than the rest. However, by the medium of advertising, whether in newspaper, television, magazine, or yearbook, we are taught to discriminate between those products of superior quality and those of a less dependable nature. Good advertising is not only a service to our community, but also a tool by which we pattern our everyday tastes and attitudes. Good advertising is obviously necessary to the financial success of a yearbook; but it is equally important as a means by which a student develops his adult sense of judgment.

Congratulations!

You've successfully achieved another goal. You're ready to begin reaching for future successes. But . . . how do you measure success? Not with a caliper or a yardstick or a stopwatch . . . not by the acre or the ounce or the cubic foot. Success is intangible . . . it is the sum of your personal goals and aspirations, sorted into positions of relative importance.

Whatever you establish as your criteria of success, you will need to exercise self discipline. Ambition alone is not enough . . . even coupled with intelligence and talent. Self discipline is essential to direct your energies and abilities into productive channels . . . to provide you with initiative and perserverance. Develop this quality . . . you will enjoy a more rewarding life, a more successful life.

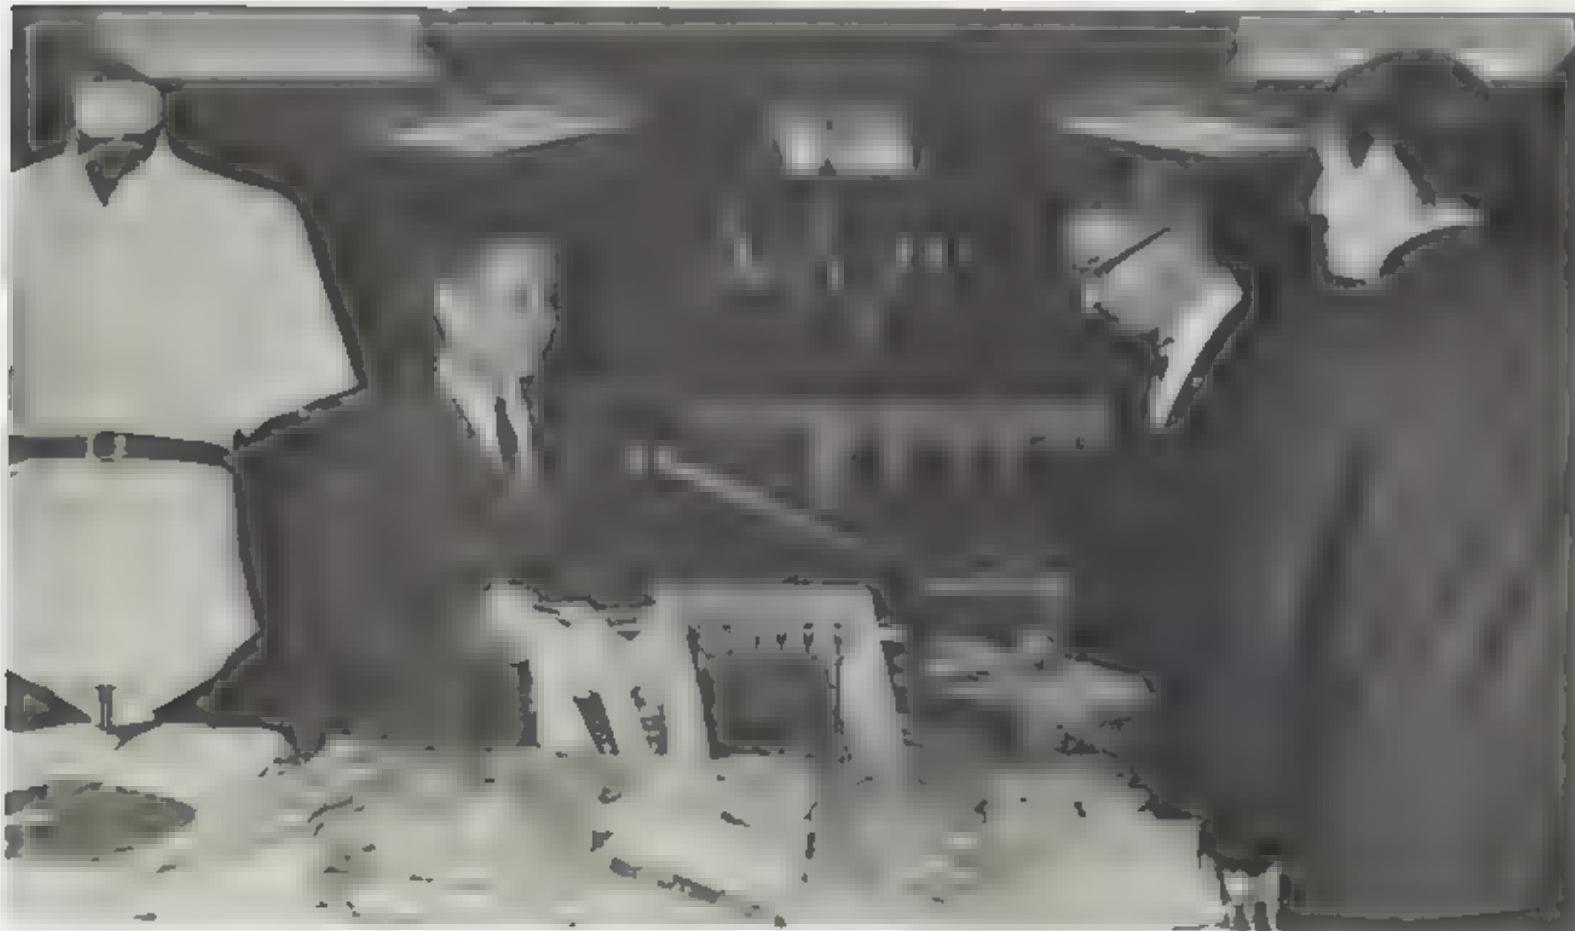

"Ambition is just the desire to succeed. The world is full of ambitious failures—all desire and no discipline. Self discipline is perhaps the most important quality an intelligent person can develop in order to reach his goals."

William A. Hewitt, Chairman, Deere & Company.

Graduation from High School represents the attainment of an important goal. But it is only the beginning.

Where you go from there, how much you accomplish, depend for the most part upon careful planning, hard work, and a continuing effort to improve.

At Iowa-Illinois the same principle applies. We continually plan and work to improve our facilities — to keep ahead of increasing customer requirements "Service to Our Customers is Our Prime Objective." We expect to continue to accomplish this objective.

BEST OF LUCK IN THE YEARS AHEAD!

THE KEY

United Township High School, East Moline, Illinois
"YOUR KEY TO THE NEWS"

To me will come and the front
years and the years
other classes over it live of
of sophomore feel like former

Remember all the times we sat on
our tiered seats for the quiet and
in your quiet life. But this

As seniors we reminisce about our high school days. The halls of UTHS have been our home for four rewarding years, and it is with great difficulty that we leave them. However, the regret we feel at parting is lessened by the fact that we have received sound training and counsel as to what lies ahead. It is only now, after completion of this phase of our lives, that we can look back objectively and realize the value of

the past four years. We see that they served as a proving ground for the testing of new ideas and theories, some of which we incorporated into our own lives. Any progress made during this time cannot be measured now, but later as we attempt to contribute our talents to society. Now more than ever we realize that "what we are we have become" through hard work and determination.
